Forty-second regular session
Agenda item 22
(GC(42)/20)

ISRAELI NUCLEAR CAPABILITIES AND THREAT

On 25 September 1998 during the 10th plenary meeting the General Conference endorsed the following statement made by the President:

> "The General Conference recalls the statement by the President of the 36th session in 1992 concerning the agenda item "Israeli Nuclear Capabilities and Threat". That statement considered it desirable not to consider that agenda item at the 37th session. At this 42nd session, this item was, at the request of certain Member States, reinscribed on the agenda. The item was discussed. The President notes that certain Member States intend to include this item on the provisional agenda of the 43rd regular session of the General Conference."
